Appendix to these SUPPLEMENTARY REGULATIONS

The exception rules have been reviewed and approved by the FIM CEN.

Exceptions to the Regulations for the GP, E2 EJ and EY FIM Enduro World Championships and Technical rules Enduro in Paijanne Enduro 2017

1.) Tires with spikes are allowed

Tyres, front and rear, don't have to have an "E" mark and/or DOT (American Department of Transportation) approval.

The maximum length of a studd is 25 mm and the maximum amount of studs is 350 pcs/tyre.

On the front tyre the diameter of the hard metal part of the studd has to be at least 2,2 mm and on the rear tyre at least 2,5 mm.

2.) Additional headlights are permitted, including on the helmets.

Additional headlights including helmets are permitted. When the lights are mounted on the helmet, they must be small in size and fixed so that the system cannot hang on the head during a fall. Helmet lights must be attached to the peak and drilling any attachment holes to the helmet is prohibited. Total weight of helmet light/lights may not exceed 400 g

The technical Stewart inspects the system of fastening and can arrange this to change so the system is safe in a fall.

The use of helmet cameras is prohibited according to the decision of the FIM CD.

3.) 062.2 COURSE

In Paijanne enduro 2017 the total time for Day 1 is approximately 12,0 hours a Day 2 approximately 7 hours, excluding the fifteen minutes of the last time check.

3 a) SCHEDULE

DAY 1: Vierumäki – Vierumäki 25.3.2017

Start Time: 07:01 Total Time : 12:05

Day 2: Vierumäki – Helsinki 26.3.2017

Start Time: 08:31 Total Time: 7:02

(Daylight savings time change must be observed)

4.) 062.37 PROCEDURE FOR REFUELLING AT THE SERVICING

- For every 60 km, there must be a minimum of one refueling station.

5.) 062.38 SERVICING

Only the rider may change the tyres and he can only do this at **the collection area in Jämsä during Day 1, at last time check of the Day 1 in the working area of VIERUMAKI and at the collection area in Mäntsälä during Day 2** (assistance is allowed for taking off and replacing the wheel of the motorcycle).

6.) 062.39 OUTSIDE ASSISTANCE

The term “outside assistance” refers to the act involved when any person, other than the rider or an official performing his duties, comes into contact with the motorcycle except at the time checks with servicing.

There are also places where assistance is allowed without time checks and they are marked with special signs. In these places riders are allowed only to take and leave extra clothing.

7.) 062.41.1 Restart

A rider who was not classified during the ST or the first day can re-start the second day on the following conditions:

He must present his machine to the final time control within the following time limits:

No earlier than the scheduled time on his time card and **no later than 60 minutes after this time**. In an exceptional case, the FIM Race Direction can authorize that the machine can be presented by another person.

8.) 062.42 ROUTE MARKING

~~—1st day: blue — 2nd day: red~~

~~If the route goes in the same direction for the two days of the event, this will be indicated only by the colour red.~~

In Paijanne enduro 2017 red route signs (straight, left, right, wrong route) are used for both days. Red and blue dot signs are used in places where drivers must stay within restricted area. Riders are not allowed to pass red dot signs from the left side and riders are not allowed to pass blue dot signs from the right side.

9.) 062.43 LOCAL TRAFFIC REGULATIONS

Riders must conform to the traffic regulations in force in each locality crossed during the competition. Any rider convicted of an offence against such regulations may, after enquiry, be disqualified or penalised with another sanction provided for in the FIM Disciplinary and Arbitration Code. The sanction must be proportional to the offence, and to the circumstances (attenuating or aggravating if applicable) and taking account of any possible advantage gained by the rider.

Using helmet lights on public roads is strictly forbidden and Race Direction will decide the penalty.

10.) 062.51 TIME CHECKS

a.) 062.51.3

At intermediate points selected by the organiser and the location of which, together with the prescribed riding time between these check points, will be indicated on the route card. Distances will be given in kilometres measured carefully and correctly. ~~It is recommended that the distance between the time checks is between 5 km and 35 km.~~

Distance between the time checks can be up to 50 km.

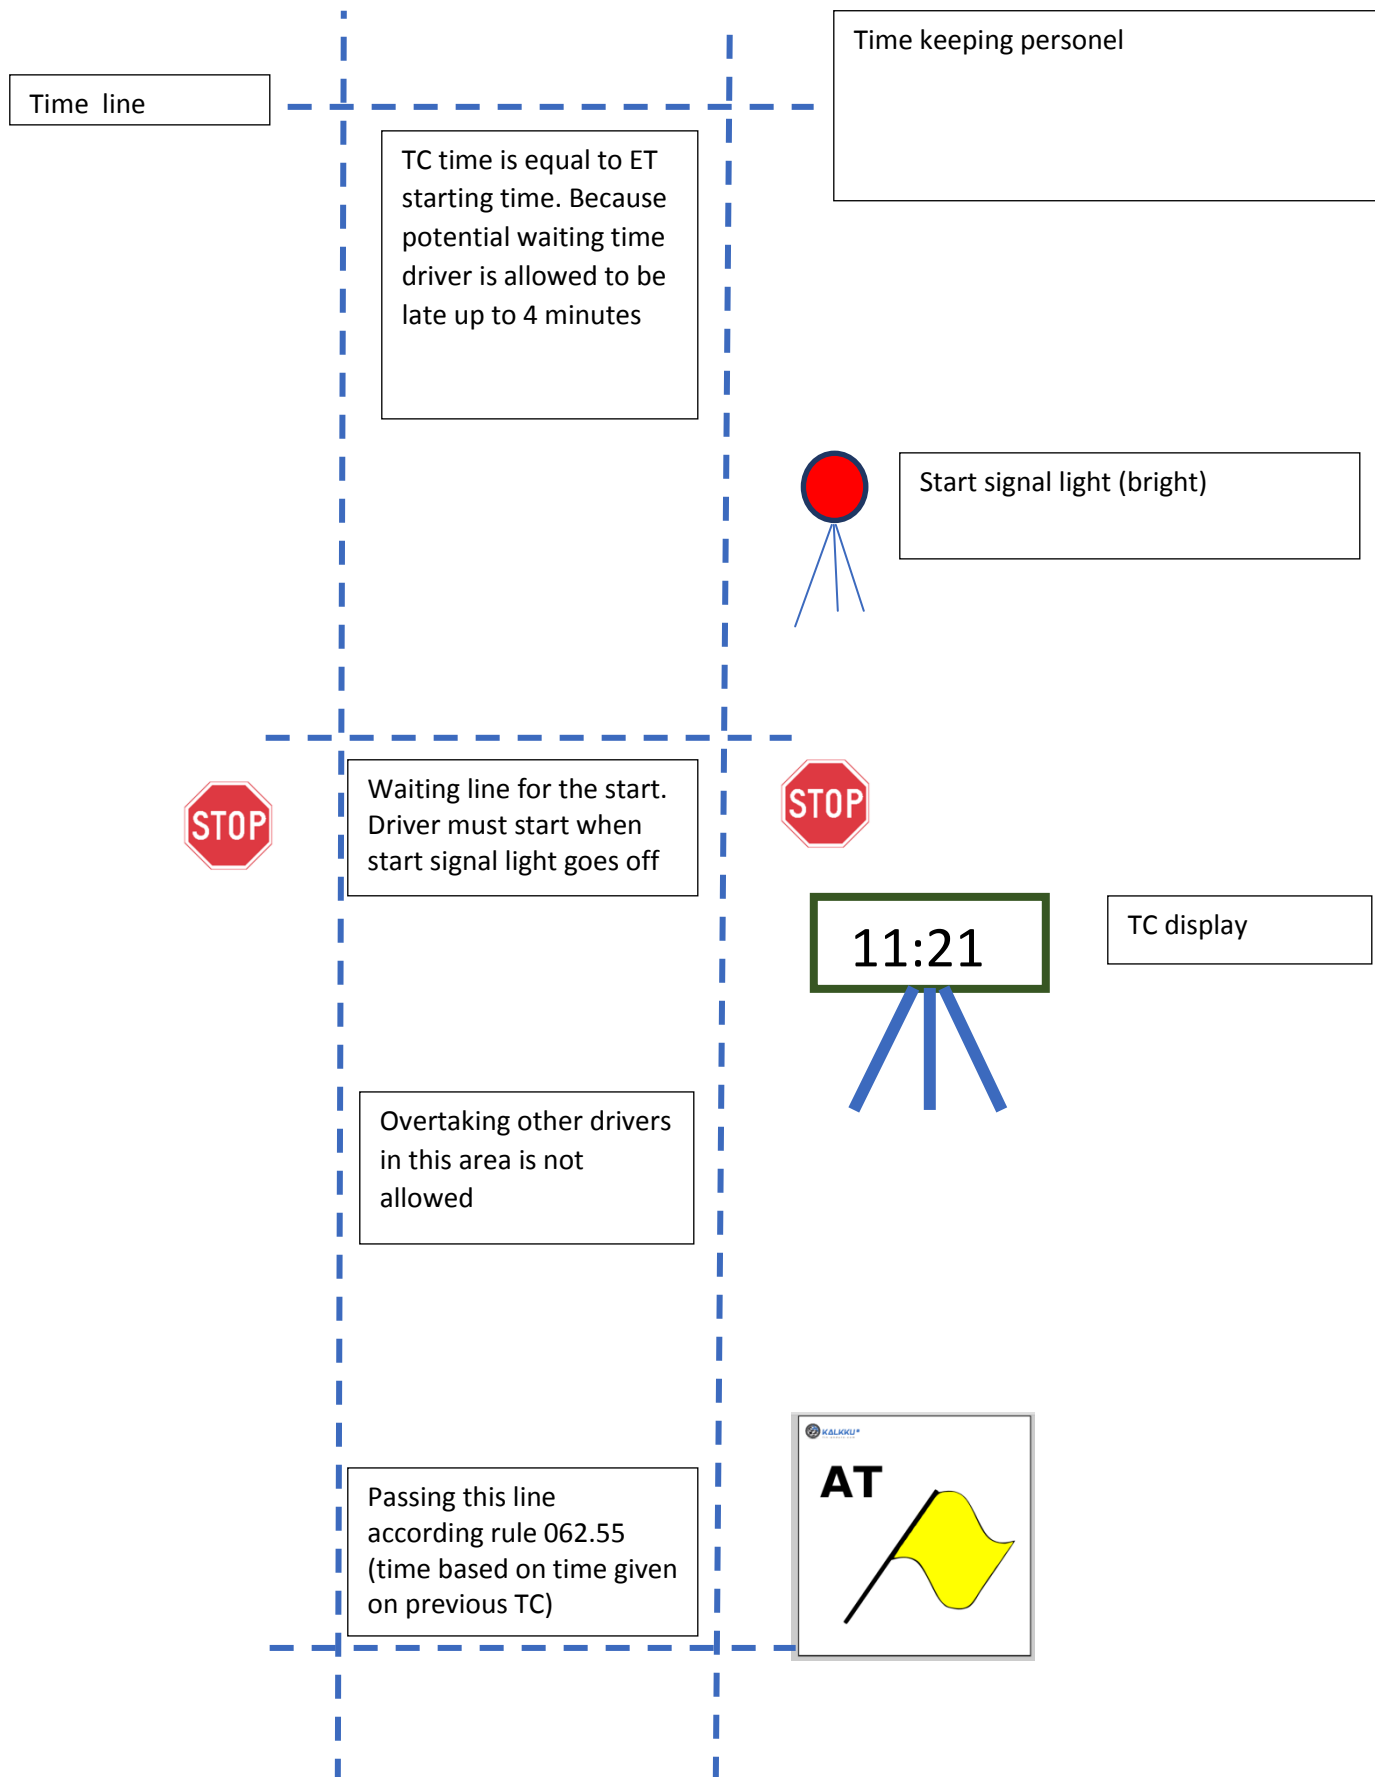

b.) 062.55 PROCEDURE AT TIME CHECKS

In Paijanne enduro Enduro tests can be very long and with lot of snow. Because overtaking other riders in deep snow is often very difficult, Päijanne enduro is using so called “rally timetable” where drivers get new TC time based on the time rider has passed the ET finish line.

If rider has passed other riders during the ET, they get new earlier TC time than the overtaken riders and riders avoid overtaking same riders again.

Enduro test Start

TC/ET finish line

TC where the driver has to stop
After receiving TC receipt driver will know the driving time and distance to the next TC and even the time when driver must be there

30

30

Time keepig personel (car)
Driver receives TC receipt where his TC time and driving time to the following TC are printed. TC time is based on finishing time of the ET so driver does not know it beforehand

Rider is not allowed to stop in this 30 m range

11.) SPECIAL TC's USED AS SERVICE AREA AND COLLECTING TC's

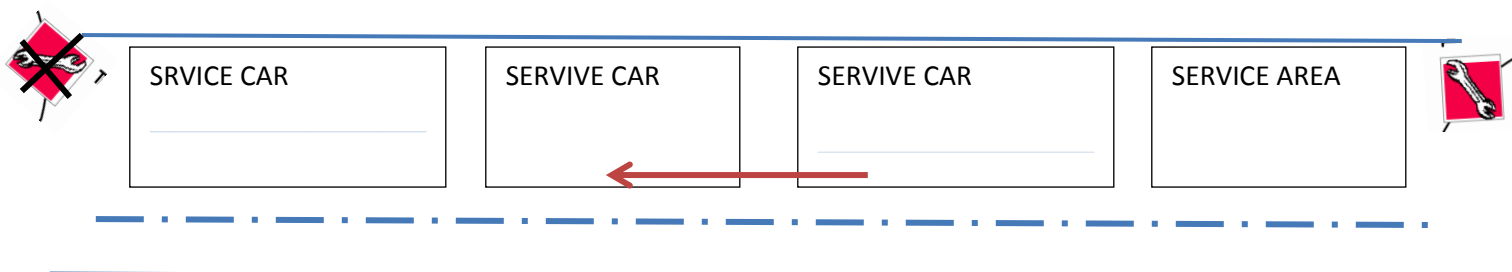

The start according to rule 062.36

1. Collecting area TC (Day 1 Jämsä and Joutsa, Day 2 Mäntsälä)

- Driving into the collecting area TC according rule 062.55. Driver receives TC receipt with the printed time to the next TC, which is the driving out TC from collecting area. Riders is allowed to stay in service area between these two TC depends rider is late from the personal timetable.

2. SERVICE AREAS

Service area can be located also on minor public roads. Service must be performed without disturbing other traffic.

12.) 062.58 LATE ARRIVAL

A rider who arrives at a time ~~check more than 15 minutes~~ (30 minutes for Women's category) after his original target arrival time on each time check is automatically classified as retired. However, the rider may, in certain circumstances such as are provided for in Art. 062.59, continue in the event until the FIM Race Direction takes the final decision.

For every rider, there is target total time for the whole day. This is given for every rider at the registration, as printed list.

Late arrival (60 minutes at a time check) is calculated on the time printed on the personal timetable.

13.) 062.62 ENDURO TEST (ET) = DAY 1 = 17 ET; DAY 2 = 11 ET

The start and finish will be at the same spot if possible. The average speed must not exceed 50 km/h. The duration will be between 8 and 12 minutes.

In Paijanne enduro the start and finish can be at different spot. The duration will be between 8 and 40 minutes.

For the Enduro test in particular, marshals placed along the course in sufficient numbers and linked by radio will enable the entire course to **be monitored**.

In Paijanne enduro ET can be up to 25 km and the entire course cannot be monitored.

~~All the stages without a natural border will be marked with tape.~~

On the left red signs, may be used to limit the track and riders are not allowed to pass red signs on the left side. On the right blue signs, may be used to limit the track and drivers are not allowed to pass blue signs on the right side

14.) Acknowledgment and recognition

At the technical inspection, the rider sign a document in which they confirm that they have read, take note, and accepted the amended rules.
